Annual Meeting: 11:00 a.m. at Moriarty High School Gymnasium, Moriarty

To the Membership of Central New Mexico Electric Cooperative, Inc.

In accordance with Article II, Section 2.03 of the bylaws, notice is hereby given that Central New Mexico Electric Cooperative Inc., will hold the Annual Meeting of its Members and Election of Trustees on Saturday, April 17, 2010, in the Moriarty High School Gymnasium in Moriarty. Registration and voting are from 8:00 a.m. to 10:45 a.m. Business meeting begins at 11:00 a.m.

Vacancies to be filled are Districts 5, 7 and 8. Locations of districts are described as follows:

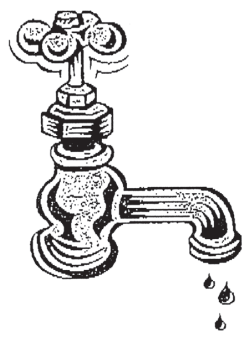

• **District No. 5**–(Moriarty, Edgewood and Stanley Area) At Large comprising the areas of District 1 and 8.

• **District No. 7**–(Corona, White Oakes, Duran area) North Boundary: Township line between T1N and T1S to Range line between R11E and R12E; North on Range line to Township line between T1N and T2N; East along Township line to range line between R14E and R15E; North along Range line to Township line between T3N and T4N; East along Township line to Co-op boundary;
East Boundary: Co-op boundary
South Boundary: Co-op boundary
West Boundary: Co-op boundary

• **District No. 8**–(Northwest Moriarty, Edgewood area)
North Boundary: Co-op boundary
East Boundary: State Hwy 41
South Boundary: Old Hwy 66
West Boundary: Co-op boundary.

Candidates must live in the District for which they are running. Anyone wishing to file for candidacy must do so in the Mountainair Office on Thursday, March 18, 2010, before 4:00 p.m. Candidates must attend an informational orientation workshop to be qualified to have their name placed on the ballot. For more information contact Dolores Jones, 505-847-1024

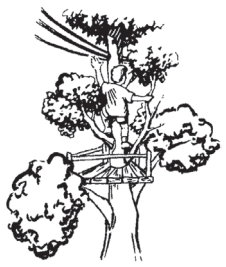

Showers and Faucets: Tips for Saving Water:

- Leaks in your sink or bathtub faucets can usually be repaired easily and inexpensively by replacing the rubber O-ring or washer inside the valve.
- Bathing ranks third highest for indoor water use and the second highest for home energy use. Take a quick shower rather than a bath and save about 20 gallons of water each time.
- If a one gallon bucket placed under the shower flow takes less than 20 seconds to fill, replace your showerhead with a low-flow one (less than 2.5 gallons/minute).
- Turn off the water when shaving or brushing your teeth and you'll save an average of 5 gallons per person, per day.

Spring Break Safety

Spring break is almost here! That means children going outdoors and having fun in the sun with family and friends. Stress to children the following simple electrical safety rules for safe outdoor play:

- Never climb trees near power lines. Even if the power lines are not touching the tree, they could touch when more weight is added to the branch.
- Fly kites and model airplanes in large open areas like a park or a field, safely away from trees and overhead power lines. If a kite gets stuck in a tree that's near power lines, don't climb up to get it. Contact your local electric cooperative for assistance.
- Never climb a utility pole or tower.
- Don't play on or around pad-mounted electrical equipment.
- Never go into an electric substation for any reason. Electric substations contain high-voltage equipment, which can be deadly. Never rescue a pet or retrieve toys that go inside. Call your local electric cooperative instead.

Daylight Saving Time is Sunday, March 14.
Remember to move your clock one hour ahead.
