Rate Evaluation Questionnaire

Are you receiving the best rate for you? Find out by answering a few questions about your home.

1. Is your home equipped with an electric water heater? Yes___ No___

2. Is your main source of heat electric? Yes____ No____

3. Does your home have central air? Yes____ No____

4. Are you willing to limit usage during certain times of the day to receive a reduced rate? Yes____ No____

5. Is your home equipped with a 9.0 kW or larger ETS (Electric Thermal Storage) heating system Yes___ No___

- If you answered yes to any of these questions you may be interested in installing a Time of Use meter. With The Time of Use meter you can save on energy cost by using power during off peak times when power is in less demand. You may also take advantage of these lower rates by installing timers on items such as electric water heaters.
- If you answered yes to question 5 your home should be on Rate 25 ETS, with a Time of Use Meter.

For information on Time of Use hours and rates and for other rate listings please see "Electric Rates" under "Services" at www.cnmec.coop . For questions regarding your electric rate please contact Central New Mexico Electric at (505) 832-4483.
